These young men are fine substantial emigrants, who may be relied on both as to voting and fighting, and we doubt not the people of Chester shall yet hear good accounts of them. Some of them have been tried in Mexico, and, we believe, Florida, and have been found to be brave and gallant soldiers, and we may rest assured they will do credit to themselves wherever they may be called to serve.

They left Columbia for their destination, by way of Memphis, on Tuesday morning last, under charge of Maj. Warren D Wilkes, all hale and lively. THE following is from a distinguished mem-ber of the medical profession:

Sr. Paul, January 1, 1855. Prof. O. J. Wood—Dear Sir: Unsolicited, I tend you this certificate. After being nearly bald for a long time and having tried all the hair restoratives extant, and having no faith in any, I was induced, on hearing of yours, to give it a trial. I placed myself in the hands of a barber, and had my head rabbed with a good stiff brush, and the Restorative then applied and well rubbed in, till the scalp was all a glow. This I repeated every morning and in three weeks the young hair appeared, and grew rapidly from August last up to the present time, and is now thick, black and strong—soft and pleasant to the touch, whereas, before it was learsh and wiry, what little there was of it, and the virtues of this celebrated article, is, that it will restore the gray, and the bald, eradicate descases of the scalp, preserve the hair from falling and preserves the color perfectly to extreme old age. It is now put up both with and without sediment. See advertisement. which any person's hair was really benefitted by any of the hair tonics, &c., of the day; and it really gives me pleasure to record the result of my experience. I have recommend it your preparation to others, and it already has a large and general sale throughout the Territory. The supply you sent us, as wholesale agents for the Territory, is nearly exhausted and doily inquiries are made for it. You de-serve credit for your discovery.
